

## **ANNOUNCEMENT!**

### **WE HAVE A NEW WEBSITE**

Majestic Isles now has a new, modern website. On your laptop, desktop or phone just go to **MajesticIsles.com** and take a tour of our community (It replaces majesticisleshoa.com.) The purpose of creating a new site is two fold:

First, and most importantly, it is geared to potential homebuyers who, like we, do a lot of shopping on line. We want them to see in video, photos and descriptions all that MI and its surrounding area have to offer. Hopefully, this will result in a greater enticement to consider MI for their new home. Greater demand will yield higher selling prices, a benefit to us all. While realtors do post listings on line, they don't present everything as expansively as our website. Within this public section is the following:

- A beautiful video taken by a drone flying over the community.
- About: Important features about MI and key photos.
- Residences: Specifics about our homes with actual inside photos.
- Amenities: Descriptions of what we have to offer and photos.
- Gallery: A photo album of all aspects of MI.
- Neighborhood: An interactive map illustrating the close proximity to shopping, dining, services and directions to some of the key areas and a link to their websites. There will also be a listing of the 3 most local shopping centers and the stores within.
- News: The most current Newsletter and any other news about MI that is for public consumption.
- Contact: An electronic submission requesting additional information.

Secondly, there is a password-protected section just for residents. Within this portal will be the following 4 components:

- Events Calendar: where you can see a schedule of events, meetings, etc. for the current and upcoming months.
- News:
  - The Newsletter: See 10 rolling months, current and 9 previous.
  - Channel 63: You can scroll through at you own pace or, if you prefer, continue seeing it on TV.
  - Updates: Important community news.
- Contact Forms: Electronically submit requests for work/maintenance, messages to the board of directors, general questions and suggestions and if there is a change in any of your information. When you submit, it automatically goes to the management office and you can expect a response within 24 hours, excluding holidays and weekends.
- Also accessible will be MI Rules & Regulations, Board & Management contact information and an ARC Application.
- Clubs, Committees & Activities: A listing of all current with a contact person and phone number.

On the bottom of each page will be a printable brochure serving as a summary of all the major features, benefits and specs.

In order for you to gain access to the Resident Portal you will have to submit a one-time sign up. After management reviews your information you will receive an e-mail with your confirmation. Then anytime you want to enter, you simply login with your password.

We hope that you will find the website useful and a convenient way to communicate with management.

Special thanks to the team that created the site: Gail Shatzkamer, Jerry Fefferman, Al Stevens, Bob Edinger and Steve Berry. Also, thanks to the board for their support.
