RULES & REGULATIONS COMMITTEE: Minutes from 3/23/26 meeting

In Attendance
Steve Berry, Chairman
Claire Deveney
Joel Klein
Debbie Page
Jacob Tewel

General Discussion

1. Follow Up From 3/10/26 Meeting
   Due to timing the Board was unable to get items on the agenda for the last Board meeting. Nothing approved.
2. Fine-tuned the fines procedure (attached)
3. Discussed the revised worksheet: Went from categorization by type of violation to 6 levels by priority based upon importance and ability to provide proof.
4. Completed levels 1 and 2 with still some issues with a few of the violations.
5. The updated worksheet is attached. Yellow highlighted items have been resolved. Anything in red text requires additional discussion.
6. Vehicular violations
   a. Stop signs: Board looking into a pole mounted camera.
   b. Speeding
      i. Suggest Board to investigate a similar devise to stop signs. Maybe there's an all in one.
      ii. Board looking into having the local police do occasional pass throughs and ticket violators.
      iii. Suggest Board investigate painting bright white (maybe reflective paint) for crosswalks ans intersections. This has been cited as a deterrent.
7. Added new committee member, Gary Bowen. I believe he will be a great addition to our team.
8. **Next meeting**
   a. **Set for Thursday, April 30th from 10:30 to 12:00, 12:30. Will be held in Card Room #2.**
   b. Clean up any open issues from previous meeting.
   c. Start with Level 3 and continue working on the violations.
   d. Discuss what will be presented at the upcoming Board Workshop meeting to add to the next Board meeting's agenda.

Please advise of your availability for the next meeting as soon as you can.

As usual, if there's anything I missed, is incorrect, etc, please let me know.

Thanks to everyone for your cooperation and participation.

Steve Berry
